www.linkedin.com/in/raiful-islam-ratul/

Data analyst with strong skills in Excel, SQL, Power BI, and Python. Experienced in cleaning, transforming, and visualizing data to uncover patterns and support informed decisions. Skilled at breaking down complex data into clear, practical insights and presenting results in a straightforward, business-focused manner.

SKILLS

SQL: MySQL, PostgreSQL
Python: NumPy, Pandas, Seaborn, Matplotlib
Data Visualization: Microsoft Power BI
Excel: VLOOKUP, Pivot Table, Conditional Formatting, Power Query
Languages: Bengali (Native), English (Conversational)

Work Experience

Customer Support Specialist Sep 2025 – Present
Taghyeer Technologies

- Assisted clients with account setup, verification, and transaction processing on the trading platform.
- Provided timely support via WhatsApp, email, and calls, resolving inquiries and guiding users on platform usage.
- Coordinated with finance and trading teams to ensure accurate execution and record-keeping of client transactions.
- Prepared daily reports on account activities, trades, and deposits, ensuring compliance with company policies.

Personal Project

National Health Dashboard– [Power BI]
- Tracked asthma admissions, test results, and hospital resources through a healthcare dashboard.
- Discovered 100% abnormal test results and notable declines in admissions, doctors, and bedspace YoY.
- Analyzed patient demographics across 10 hospitals by age, gender, and condition.

Sports Product Sales Performance Dashboard– [Power BI]
- Monitored sales, costs, profits, and units across products and channels with an interactive dashboard.
- Created state-wise maps and regional bar charts to support decision-making.
- Delivered insights that helped achieve 9.5% month-over-month profit growth.

Furniture Sales Dashboard– [Excel]
- Tracked key KPIs including sales ($742K), quantity (8K), and profit ($18.5K) in a dashboard.
- Analyzed top cities sales performance and shipping trends, highlighting 4-day delivery.
- Visualized YoY growth (+8% sales, +11% quantity) and identified a 57% profit decline
